

Carbon Offset Content Label (Fixed Mix)

Carbon Offsets from WGL Energy

This carbon offset content label explains the type, location, and certification standard for each greenhouse gas emission reduction project that is part of your retail offset purchase. It is a simple, transparent way for you to be certain your purchase is resulting in real environmental benefits.

Project Type	Project Certifications	Project Location	% of Product ¹
Landfill Gas Capture	Verified Carbon Standard	United States	100%
The emissions reductions supplied were created in:			2012 – 2020

¹The percentages listed are prospective. Actual figures may vary. For more information on how much they can vary see the *Price, Terms & Conditions*.

Visit a list of our projects here: www.wglenergy.com/offsetprojects

Refer to the sales agreement to determine if this Carbon Offset Content Label is accompanying a multi-year purchase agreement, carbon offsets matched to natural gas usage, and/or a standalone carbon offset purchase. Please find more information about your purchase, the vintage years reported here and the delivery and verification of offsets in the terms and conditions of the agreement.

For further information or questions, please contact WGL Energy by email at wglenergylgc@wglenergy.com or 703-287-9570.

Green-e[®]

certification requirements, visit www.green-e.org/climate or email climate@green-e.org.

Climate

CERTIFIED

Green-e[®] Climate is an independent certification program for greenhouse gas emissions reductions (carbon offsets) sold in the voluntary market. The Green-e Climate logo identifies carbon offsets that meet the program's high environmental and consumer protection standards. For more information on Green-e Climate
